

## Invitation

### “Transparency, Accountability and Participation: Building a Post-2015 Review Architecture that is Fit for Purpose”

Organized by the Permanent Mission of Liechtenstein to the UN and the Transparency, Accountability & Participation (TAP) Network

**When: Wednesday, 1 July 2015, 1:15-2:30 PM**

**Where: Conference Room 7, UNHQ New York**

### Background

For the Sustainable Development Goals (SDGs) to meet the ambition of being truly transformative, the monitoring and accountability framework, spanning from the local to the global levels, must be people-centred, inclusive, transparent and participatory.

This side event, hosted by the Permanent Mission of Liechtenstein to the UN and the Transparency, Accountability and Participation (TAP) Network will be a timely opportunity to take a deeper dive into the role of the principles of transparency and citizen participation as a critical enabler to successful follow-up and review and accountability of the post-2015 agenda. This event will provide an opportunity for a wide range of experts to take a deeper examination of the role of the HLPF in the follow-up and review architecture for the Post-2015 agenda, and to ensure that all levels of the review process – from local, national, regional and global levels – are transparent and participatory.

The event will feature a panel of some of the foremost experts on these TAP issues, drawing upon the experiences and perspectives of representatives from governments the UN System and civil society.

To encourage a robust exchange of ideas and perspectives, the second half of the event will be dedicated to an interactive dialogue between the audience and the panel.
